SUPPLEMENT TO
REPORT NO.

1. Uruguayan Military Intelligence is conducting an investigation of the activities of Argentine consuls in the interior of Uruguay. The consulates in Colonia and Rivera are of particular concern to Uruguayan authorities since they appear to be centers for the distribution of Peronista propaganda in the form of pamphlets of Peron speeches and the text of his labor laws.
2. The consul at Rivera, Sr. Cordoba, who has almost unlimited funds at his disposal from no apparent source, spends his time distributing propaganda among the local authorities, the local military men, and the outstanding professional people of the Rivera area.
